Next Steps

Pennsylvania Conservation Heritage Project now interprets the commonwealth’s rich and diverse conservation and environmental history via compelling documentaries and educational outreach programs.
THE PAST BECOMES PROLOGUE

In 2009, representatives from some of Pennsylvania's prominent historical and environmental organizations came together to answer one simple question:

Where will we find our future Conservation leaders?

CIVILIAN CONSERVATION CORPS STARTED

Civilian Conservation Corps started, one of the first programs part of Roosevelt’s New Deal. Active in Pennsylvania until 1942, with Pennsylvania having the second highest number of camps in the US. FDR was influenced to create the CCC after observing Governor Gifford Pinchot’s (1923-27; 1931-35) work relief programs in Pennsylvania.
